

# Instructions for staking BUSD on busdstaking.com

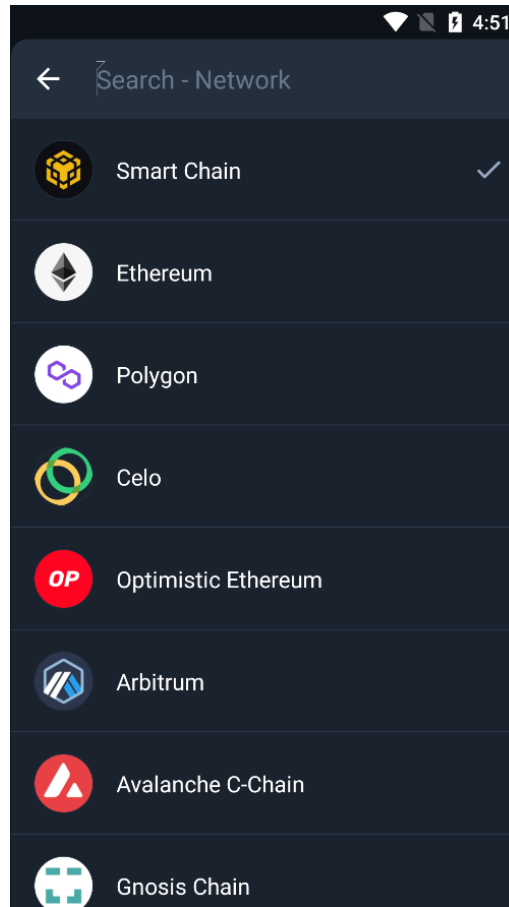

Note: follow the steps to avoid the error case.

## Staking On TrustWallet

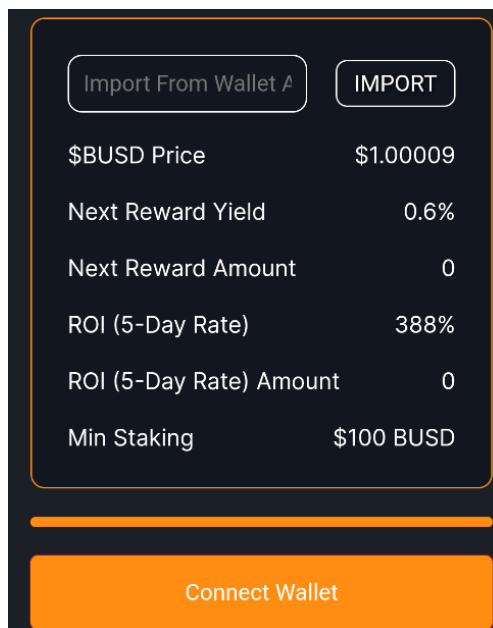

1. Go to Dapps and access [busdstaking.com](https://busdstaking.com)

2. Change network to SmartChain

3. Go to Staking Page, Connect Wallet and click button Staking 2 times

4. When Approve Busd appears, click setting and change gas limit to 50000 and save (If you skip this step, you will fail)

The image displays two side-by-side screenshots of a mobile wallet application interface.

The left screenshot is titled "Smart Contract Call" and "Approve BUSD". It shows transaction details: "From" is "Wallet (0x46...c7917)", "Contract Address" is "\$BUSD (0...418ccd)", "Network Fee" is "0.00016278 BNB (\$0.03)", and "Max Total" is "\$0.03". A blue "CONFIRM" button is at the bottom.

The right screenshot is titled "Advanced" and has a "SAVE" button in the top right. It shows configuration options: "Gas Price (Gwei)" is set to "5", "Gas Limit" is set to "50000", "Transaction Data (Optional)" is "0x095ea7b3000000000000000000000000", and "Nonce" is "49".

5. Watch your wallet grow every 15 minutes without having to deposit to smartcontract

## Staking On Metamask

---

Same as the steps in Trust Wallet but you don't need to fix the gas limit
